

Climate Smart Leadership Meeting

March 2, 2020 8:30 am

Present;

Deborah McGloine

David Hoffman

Angela Meislin

The leadership task force reviewed the greenhouse gas emission inventory that David Hoffman had compiled to date. He will be presenting on this at the next climate smart meeting on Tuesday March 10.

Angela Meislin will be reaching out to the library regarding their environmental club organizing the Green Your Gathering bins.

David and Deborah will be attending the Small Business Association meeting on Wednesday. David will present information on how businesses can conduct their own greenhouse emission inventory.

At the family Earth Night, we will need someone to man the booth. We need to compile information about the 3r's Renew Rethink and Refuse. We will have a Green Your Gathering activity for the kids (decorate cloth napkins) There needs to be further planning regarding the information that will be given out at the booth.
