## Local Planning Committee Meeting #1

May 29, 2024

12-2pm

 Saratoga Town Hall (12 Spring Street)

### What is the NY Forward Program?

Led by the New York Department of State, the Village has been awarded \$4.5M to develop a Strategic Investment Plan and implement key catalytic projects that advance the community's vision for revitalization.

Local Planning Committee meetings are working sessions of the committee, **open to the public**, with public comment and questions reserved at the end. Full interactive community engagement meetings and public workshops will be scheduled for later dates.
